

**The BNPA 24th Annual General Meeting - 10/11 February 2011**  
With a joint meeting, 9 February, with the Section of Neuropsychiatry, RCPsych  
Venue: Institute of Child Health, London.

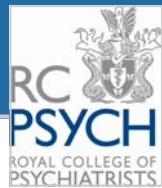

## DAY 1 Thursday 10th February 2011 - Neuropsychiatry of Parkinson's Disease

0830-0930	<i>Registration and refreshments</i>
0930-0955	<b>Recent advances in Parkinson's Disease</b> tbc
1000-1025	<b>Novel treatments for Parkinson's Disease</b> Tom Foltynie (UK)
1030-1100	<i>Refreshments</i>
1100-1125	<b>Impulsive and compulsive behaviours in Parkinson's disease</b> Sean O'Sullivan (UK)
1130-1155	<b>Parkinson's Disease and Lewy body disease - the same or different?</b> Ian McKeith (UK)
1200-1300	<b>MEMBERS' PAPERS</b>
1300-1430	<i>Lunch and poster viewing</i>
1430-1530	<b>MEMBERS' PAPERS CONTINUED</b>
1530-1600	<i>Refreshments</i>
1600-1700	<b>Guest Lecture: Dopamine function in health and disease</b> Trevor Robbins (UK)

*BNPA RECEPTION - 1830-2130 Venue to be confirmed*

## DAY 2 Friday 11th February 2011 - Neuropsychiatry and the New Genetics

0830-0930	<i>Registration and refreshments</i>
0930-1020	<b>Keynote Address: The future of Pharmacogenetics in Neurology and Psychiatry</b> David Mrazek (USA)
1030-1055	<b>Molecular windows into speech and language disorders</b> Simon Fisher (UK)
1100-1130	<i>Refreshments</i>
1130-1155	<b>Bridging the gap between genes and behaviour: the case for neuroimaging genetics</b> Jonathan Roiser (UK)
1200-1225	<b>Controversies in gene-environment interaction research: Why all the fuss?</b> Marcus Munafo (UK)
1230-1315	<b>BNPA 2010 AGM</b> (BNPA members only)
1230-1400	<i>Lunch and poster viewing</i>
1400	<b>Prize Giving</b>
1405-1500	<b>Dimensions or categories: what the new genetics tells us about neuropsychiatric Disorders</b> Nick Craddock (UK)
1505-1600	<b>The rise and fall of Asperger's</b> David Skuse (UK)
1600-1615	<i>Refreshments and Close</i>

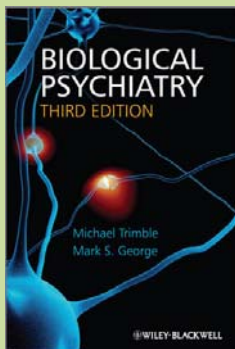

Royal College of Psychiatrists  
Section of Neuropsychiatry and  
The British Neuropsychiatry Association

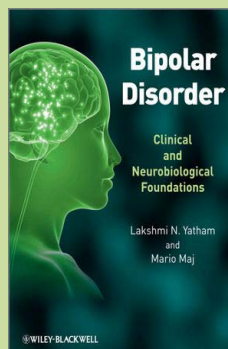

9 February 2011 - SLEEP

0830-0930	<b>Registration and refreshments</b>
0930-1015	<b>The Neurobiology of Sleep</b> Elemer Szabadi (UK)
1015-1100	<b>Restless legs, periodic limb movements and breathing problems</b> Adrian Williams (UK)
1100-1130	<b>Refreshments</b>
1130-1215	<b>Narcolepsy and parasomnias</b> Sofia Eriksson (UK)
1215-1300	<b>Circadian rhythms and their disorders</b> Katharina Wulff (UK)
1300-1400	<b>Lunch</b>
1400-1445	<b>How to assess patients with sleep problems</b> Hugh Selsick (UK)
1445-1530	<b>The psychological management of sleep problems</b> Colin Espie (UK)
1530-1600	<b>Refreshments</b>
1600-1645	<b>The pharmacological management of sleep problems: BAP Guidelines</b> Sue Wilson (UK)
	<b>Close</b>

## New Books—25% discount for BNPA Members

**Biological Psychiatry,  
3rd Edition**  
By: Michael R. Trimble and Mark  
S. George  
ISBN: 978-0-470-68894-6  
Hardcover/ 432 pages /  
September 2010 /  
Wiley-Blackwell  
  
RRP £59.99  
Discount price £44.99

**Bipolar Disorder**  
Edited by: Lakshmi N. Yatham  
and Mario Maj  
ISBN: 978-0-470-72198-8  
Hardcover/ 528 pages/  
October 2010/  
Wiley-Blackwell  
  
RRP £100.00  
Discount price £75.00

Fast, simple and secure ordering!

## Courses and Events

### BNPA Teaching Weekend

**BNPA Neurology and Psychiatry SpRs Teaching Weekend  
10 to 12 December 2010 at St Anne's College – Oxford.**

**This course is now FULLY booked for SpRs in Psychiatry but we still have places available for SpRs in NEUROLOGY**

This weekend course, is aimed at Specialist Registrars in neurology and psychiatry, and will review key areas of neuropsychiatry. The weekend promises to instruct and inspire. Participants will also receive a course handbook. Numbers are limited to 50, drawn equally from psychiatry and neurology, with 16 speakers and 20 talks. The cost for course attendance, B&B accommodation at St Anne's College and Friday night dinner is £250. To register visit: [www.bnpa.org.uk](http://www.bnpa.org.uk)

#### Friday 10 December

##### 1 Assessment in neuropsychiatry

13:50 Welcome and introduction

14.00 **Neurological assessment for psychiatrists** Adam Zeman/Richard Perry      **Psychiatric assessment for Neurologists** Hugh Rickards/Eileen Joyce

15.45 Tea

16:15 **Cases in neuropsychiatry I: (delegate case presentation session)**

16:50 **Cognitive assessment** Richard Perry

17:25 **Neuroimaging in neuropsychiatry** Nick Fox

19:00 Reception/Dinner

#### Saturday 11 December

##### 2 Functional disorders, epilepsy, movement disorders

08:30 **Weakness, Movement Disorders and Sensory symptoms unexplained by disease** Alan Carson

09:10 **NEAD and neuropsychiatry of epilepsy** John Mellers

09:50 **Neuropsychiatry of movement disorders** Eileen Joyce

10:30 Coffee

##### 3 Traumatic brain injury, delirium and dementia

11:00 **Traumatic brain injury** Derrick Wade

11:40 **Delirium** Alastair MacLulich

12:20 **Dementia** David Neary

13:00 Lunch

##### 4 Chronic Fatigue Syndrome, the EEG, and treatment in neuropsychiatry

14:00 **Chronic Fatigue Syndrome** Alan Carson

14:40 **The EEG and related investigations in neuropsychiatry** Alison Blake

15:15 **How to manage depression, anxiety, delirium and psychosis in patients with neurological disease** Ivana Rosenzweig

16:00 Tea

##### 5 **Guest Lecture:**

16:30 **The neuropsychiatry of the self** Tony David

#### Sunday 12 December

##### 6 Sleep disorders

09:00 **Insomnia and excessive daytime sleepiness** Paul Reading

09:40 **Parasomnias** Zenobia Zaiwalla

10:20 Coffee

##### 7 Biological Psychiatry

10:50 **Cases in neuropsychiatry II - (delegate case presentation session)**

11:30 **The neurobiology of schizophrenia** Steven Lawrie

12:10 **Neurogenetic disorders: HD+** David Craufurd

CLOSE

**Neuroanatomy**  
*...for psychiatry*  
February 2011, London

**Saturday 12th February 2011**      **...places available!**

Venue: Institute of Child Health, London WC1

Course director: Dr Paul Johns BSc BM MSc (Institute of Neurology, Queen Square)

One-day advanced functional neuroanatomy course

Focuses on the cerebral cortex, basal ganglia and limbic system

Includes the basal forebrain, substantia innominata and diffuse neurochemical systems

Emphasises key structures and systems of relevance to clinical psychiatric practice

Mean feedback score (July 2009): 4.8/5.0

Course fee: £150 (includes two-course lunch and refreshments)

Suitable for psychiatry trainees of all grades and related health-care professionals - and also for neuroscientists and psychologists with an interest in the neuroanatomy of emotion, cognition and memory.

This programme would also be an excellent refresher course for consultant psychiatrists and other senior mental health care workers.

Website: <http://www.neurocourses.com/>

**Third Practical Cognition Course**

Date: 4-5 November 2010

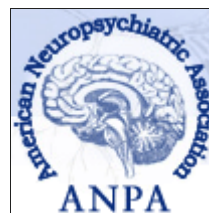

Location: Great North Museum: Hancock,  
Newcastle upon Tyne

A course for consultants and trainees who want to develop their practical expertise in cognitive assessment and relate this to clinically relevant neuroscience.
